2024 results: people in Kazakhstan sent 789 billion KZT abroad through international money transfer systems

Astana

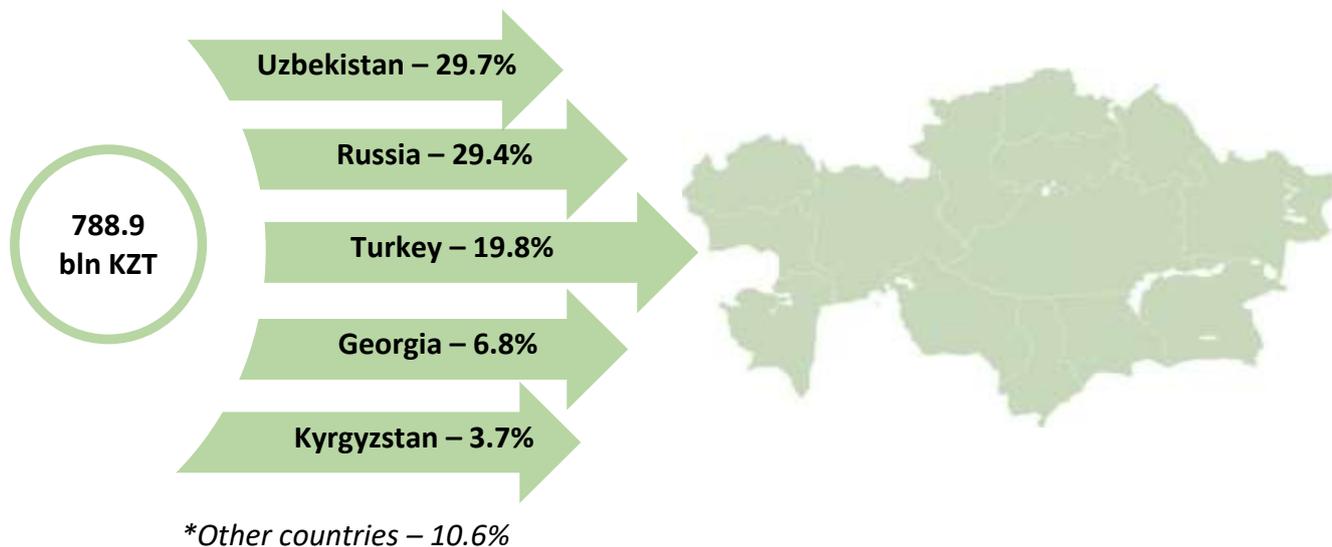

5 March 2025

Total volume of money transfers carried out through the International Money Transfer System (IMTS) in 2024 made **1.05 trillion KZT**. This is 21% lower than in 2023.

97% of all transactions made through the IMTS without opening an account are **cross-border transfers** between Kazakhstan and other countries.

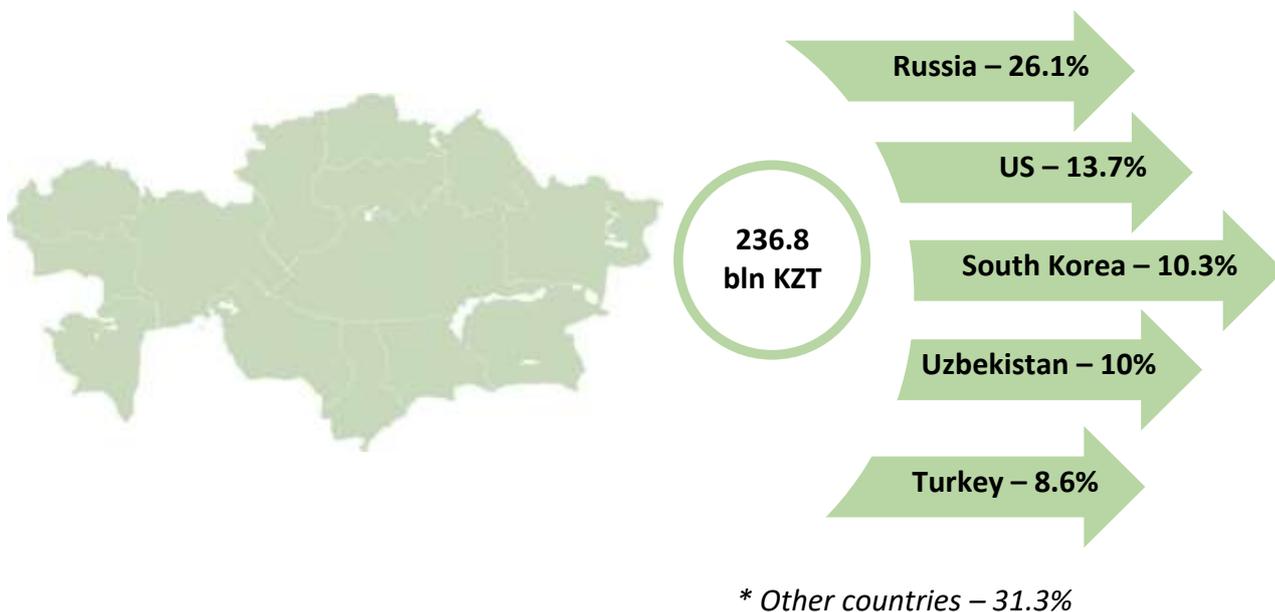

Volume of money transfers sent **abroad** amounted to **788.9 billion KZT** or **77%** of the total volume of cross-border transfers carried out through the IMTS. **Average amount** of one transfer from Kazakhstan abroad was **373, 600 KZT**.

Main recipient countries of these transfers carried out through the IMTS are **Uzbekistan (29.7%), Russia (29.4%), Turkey (19.8%), Georgia (6.8%) and Kyrgyzstan (3.7%)**. Almost **83%** of these transfers were transacted via **Zolotaya Korona** system.

Volume of money transfers received from abroad totaled **236.8 billion KZT** or **23%** of the total volume of cross-border transfers carried out through the IMTS. **Average amount** of one transfer to Kazakhstan from abroad was **300.600 KZT**.

Main sending countries of these transfers via the IMTS are **Russia (26.1%), the US (13.7%), South Korea (10.3%), Uzbekistan (10.0%) and Turkey (8.6%)**. Zolotaya Korona and Western Union payment systems account for bulk of the transactions (**81%**).

We note that the International Money Transfer Systems are used for transfers without opening a bank account. Basically, these transfers are gratuitous transfers between individuals.
