

NATIONAL BANK OF KAZAKHSTAN

PUBLIC INFORMATION NOTICE

Use digital identification documents for foreign exchange transactions is to be available

19 January, 2022

National Bank of Kazakhstan announces adoption of the amendments that make it possible to use digital personal identification documents, as well, for customer identification while executing transactions with foreign currency in cash at exchange offices.

The relevant amendments take effect 90 calendar days after the first official publication of the Resolution (the respective resolution was published on December 29, 2021).

The resolution is available on the official website of National Bank of Kazakhstan.
