## **PUBLIC INFORMATION NOTICE**

### **EAEU central bank governors discussed current economic situation**

*September 29, 2022*

The central bank governors of the EAEU member states participated in the Advisory Council meeting, which was held in Astana and chaired by the National Bank of Kazakhstan.

The meeting was attended by the Governors and departments' management from the central banks of Armenia, Belarus, Kazakhstan, Kyrgyzstan and Russia.

During the meeting, participants' statements on the current economic situation and the monetary policy implementation were presented. Participants have also discussed the development of the banking sector and financial markets in the current environment.

The National Bank of Kazakhstan and the Payment and Financial Technologies Development Center have informed of the progress in implementation of the Digital Tenge Pilot Project. Participants exchanged views on development of financial technologies and central banks digital currencies.
