

NATIONAL BANK OF KAZAKHSTAN

## **INFORMATION NOTICE**

### **On Kazakhstan Macro & Market Overview**

May 11, 2023

Astana

The NBK is pleased to announce that it has initiated the publication of a comprehensive report on Kazakhstan for foreign investors. This report is a part of efforts to enhance the globalization of tenge assets in the international financial markets and to strengthen the position of Kazakhstan in the process of entering international securities indices.

The primary objective of this report is to keep foreign investors informed about the latest developments in the government securities market and the macroeconomic situation in Kazakhstan.

The report will be published on a quarterly basis.
